

# Sogen Takahashi

- 1995 Born in Kanagawa prefecture
- 2018 Graduated Hosei University Faculty of Engineering and Design
- 2018 Joined Parade (Currently amana)
- 2021 Joined amana inc.

Takahashi studied engineering and design at Hosei University.

While learning computer programming and the logic of designing, he took snapshots with his film camera every day, experiencing the creative process in a dark room. His work captures the beautiful and transitory moments in reality, with a touch of an experimental analog approach.

Even inside the studio, he meticulously recreates those moments he had while shooting snapshots.

and further extending his work from portraits to still life.
