2021 Joined amana inc.

Kawashima joined amana photography in 2019 after graduating from Osaka University of Arts, Faculty of Photography.

Since then he worked with photographers, Takakazu Aoyama and Takashi Sekiguchi.

Taking advantage of learning from these mentors, his work now ranges from fashion, portraits, to still life. Especially skilled in directing portrait photography, he values the on-site communication to draw out and capture the nuances each model carries.
